

ESPACE

Concrete look ceramic tiles for interior floors

Novoceram, French ceramics manufacturer since 1863, presents a complete collection for interior and exterior flooring in glazed porcelain stoneware inspired by concrete, perfectly reproduced in both the surface and in the structure.

PRESS RELEASE

Espace is a collection of glazed porcelain tiles by **Novoceram**, French ceramics manufacturer since 1863, designed for interior floor coverings.

Espace recreates the emotion of a strong material and combining with the technology of porcelain stoneware, in a project in which esthetics and strong current is destined to last.

Inspired by concrete, which reproduces perfectly both in the surface and the structure, **Espace** is a glazed porcelain stoneware refined and natural. Available in Ivoire - ivory, Gris - grey and Noir - black, offers complete project solutions for residential and commercial interiors, with a unique format **45x45cm**. Perfect for both floors and walls, **Espace** is complete with decorations and mosaics metal, for a contemporary style.

To find out more about **Espace** and (re)discover all the Novoceram collections, please visit our [official website](#) or join our [Facebook page](#).

COMPANY CERTIFICATIONS :

- **ISO EN 9001** : standard that defines the requirements for the **company's quality management system** in order to achieve ambitious goals and to plan continuous improvements for various phases of corporate processes: customer relations, willingness to listen and talk, internal organisation, relations with suppliers and all the production processes.
- **ISO EN 14001** : standard that defines the requirements for the **environmental management system**, based on **ecological commitment** and increasingly ambitious goals in terms of process control implemented by the company in order to limit the impact of its activities on the environment and to improve its performance continuously.

PRODUCT CERTIFICATIONS:

- **Ecolabel** : European environmental quality mark that guarantees that products have low levels of **environmental impact throughout their life cycle**, from the selection of materials to the production cycle, distribution and disposal.
- **UPEC Classification** (www.novoceram.fr/dossier-upec-espace) : allows to know the **proper intended use** of each tile following the dictates of the **ISO standards** that define the criteria for determining the resistance of the tiles to high stress, wear and tear, puncture, water, chemicals and stains.
- **Indoor emissions** : index measuring the emissions of **volatile substances** posing a risk of toxicity by inhalation. Our tiles are classified **A +**: the best level of this classification. Furthermore, being **completely free of volatile organic compounds emissions**, they even exceed the criteria required for classification A +.
